

## HB Series – 16" & 22" High Bay

Dimensions	Fixture Length		Fixture Width	Approx. Ship Wt.
	Mn.	Max.		
HB Series	20.1"	23.1"	16"	25 lbs
HB Series	22.1"	25.1"	22"	37 lbs
Spacing Criteria: .7 – 1.7				

The heavy-duty HB Series fixture is designed for commercial and industrial applications. Its high efficiency reflector delivers consistent high light levels with low glare and little reflector maintenance.

### Reflector

The 16" & 22" aluminum reflector produces a smooth, even beam pattern with an 80% efficiency rating. The 16" & 22" can be totally enclosed.

### Ballast

The heavy duty die cast aluminum ballast housing has heat dissipating fins to extend ballast life rated at 65°C ambient (see table). A multi-tap high power factor constant wattage autotransformer ballast is standard (480V is single tap).

### Lamps

The HB is available with MH & HPS (70-1000W) lamps and mogul socket.

### Mountings

Two mountings are available: direct Hard Wire or Hook, Cord & Plug (HCP). The slide box has an adjustable hook assembly for balancing the fixture. Also, the easy access wiring chamber provides additional room for wiring make-up.

### Warranty

The HB Series sold by Edsun Lighting, unless otherwise specified, will be warranted to be free of defects in materials and workmanship under normal use and service for a period of two (2) years from date of shipment, 175W-1000W. Lower wattages will be warranted for (2) years. If found to be defective by us, we will replace the non-performing parts or goods.

569 W 17 St., Hialeah, FL 33010-2412
